G. Bromley Oxnam, DD., LL. D.

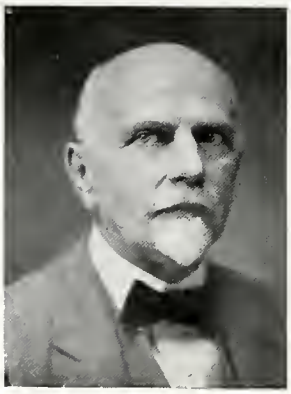
The President

THE year 1928 brought to DePauw university a new president, G. Bromley Oxman, a young man, vigorous and dynamic. With him came a new era of progress and from the moment he stepped in at the helm the moral of the University was quickened.

Quite noticeable in President Oxman are his definite convictions, which invoke a ready response. World mindedness, a spirit of brotherhood and cooperation, and reality in religion are among these convictions. He has a passion for peace which he believes will be the outcome of brotherhood, the essence of religion.

President Oxman proceeds courageously and without delay to supply the needs of the college and this attitude is expected to bring about material improvements.

Administrative Heads



HENRY B. LONGDEN, AM., L. L. D., *Vice-President*

The ideal of the campus-an embodiment of DePauw spirit, Dr. Henry B. Longden commands the respect and love of two generations of students. In his administrative duties as vice-president, and occasionally serving as acting president, his value to the University is inestimable.

One of his greatest enjoyments at present is serving as director of the Edward Rector Scholarship foundation. Because of the great esteem Mr. Rector, the donor, held for him, one of the finest of new residential buildings has been named after Dr. Longden. It is in the hearts of hundreds of students who have felt the warmth of his friendship that a still greater memorial will be found. Dr. Longden has been head of the German department for a number of years, but as has been often said, the students "take Longden, not German."

SALEM B. TOWN, M. D., D. D., *Treasurer.*

For nearly a quarter of a century, Dr. Town has managed the finances of the University. Each year the books were closed with a favorable balance which is a testimony to his wise and careful planning. Persuaded by President Hughes to leave a successful pastorate, Dr. Town carried his ministerial integrity into his work as a college treasurer.

Not a single dollar of deficit, nor a single misplacement of entrusted funds has occurred during his administration.

A great lover of books, a deep and profound thinker, he has continued his education as persistantly as during the days of his ministerial and medical training, for it may be noted that he prepared for the medical profession as well as the ministry.

Dr. Towne was granted a leave of absence this winter so that he might make a trip to California. During that time his work was ably taken care of by his assistant, Harold Robbins, and Miss Catherine Tillotson.

W. H. MCLEAN, S. T. B., *Assistant to President.*

Perhaps no one connected with the University shuttles in and out of the campus, the churches, schools and homes over the state of Indiana as does Mr. McLean in making contacts for DePauw. Administrative consultation, association with the faculty in academic matters, contacts with students in solving their personal problems and visits with the alumni all claim his attention, and it is his privilege of linking faculty, student and alumni together for profitable results to all.

His position is as unique as it is important. He becomes acquainted with the prospective student while he is in the home or church, and follows him through his academic years, and on into the realm of the alumni. Parent, pastor and teacher of the student all find in Mr. McLean a medium for mutual welfare.

VERA L. WORTH, A. B., *Registrar.*

There must be something in a name, for Miss Worth is worth much to DePauw University. As a product of the University itself, she has become imbued with its interests, and her experience as secretary to the president has fitted her splendidly for her present work as registrar.

Miss Worth seemingly has every bit of information involved in this office at her instant command. She is tactful in her dealings with the students and seems to fathom their thoughts so that she can render them some aid and guide them through the intricacies of matriculation. Her pleasantness and calmness is reflected on every hand.

Deans

WILLIAM M. BLANCHARD, PH. D., *Dean of the College.*

When Dean William M. Blanchard was given an award last year by students for his outstanding work upon the campus and in the field of science, his ability as dean of the college was given its share of their consideration. A success in the field of chemistry where he is an authority, Dr. Blanchard, now in his second year as dean, is proving equally as successful in his additional duties.

In the background of Dean Blanchard's life there lurked the humanitarian impulse that might have made him a preacher. The same impulse has caused him to take an interest in students, and although he is one of the busiest men on the campus, he has time to develop personal contacts which are mutually prized.

EDWIN POST, PH. D., *Dean of the College.*

Over a long period of years Dean Post has contributed much to the academic standards and excellency of DePauw. Possessing unusual health, which during his college days marked him as an athlete even though he was small in stature, he has been able always to give of his best to the University which has claimed his highest interests.

As one of the great authorities in Latin language and literature, Dean Post attracts among readers of his writings the most advanced scholars. The Latin department, of which he is head, is as well organized and smoothly operating as any department in the University. His ability as a teacher is greater today than it has ever been.

In his half century of service Dean Post has seen DePauw grow from a comparatively unknown institution to one of prominence and prestige, and he can take pride in knowing that his efforts have contributed to that success.

LOUIS H. DIRKS, A. M., *Dean of Men.*

Perhaps it is because few students come to Dean Dirks with problems that he himself has not already experienced, that makes this prince of deans so sympathetic in his understanding of young men. Upper classmen who came under his guidance the first year he came on the campus are as eager to consult him and accept his advice as they were when they were freshmen.

Possessing a faculty of remembering names and faces, Dean Dirks readily wins friendship, and inspires confidence. A student is ever at ease in his presence and thinks of him as an advisor rather than an official possessing powers to correct. In addition to his duties as dean, Professor Dirks is quite valuable as a teacher in the Department of Education.

KATHERINE S. ALVORD, *Dean of Women.*

Foremost among educators, and listed in "Who's Who in America," Katherine S. Alvord is a queen among deans of women. She has proven herself highly capable of directing women's activities and is credited with the development of the Association of Women Students, and the Women's Athletic Association, two valuable organizations on the campus.

Miss Alvord is progressive and in her forward look, advocates the erection of a women's building which can be the center of social activities and also be used as a gymnasium. She would increase the number of scholarships for women so that their work might be recognized.

The Student Council

THE Student Council is the governing body of DePauw students. Working closely with the administration, it keeps faculty and students in harmony and cooperation and furnishes a means for student expression. It is composed of the four senior officers elected by the entire student body, the president of the Y. W. C. A., A. W. S. and W. A. A., the editor of the *DePauw*, and athletic representative, and the presidents of the four classes.

It is a member of the National Student Federation of America and was represented at its last convention.

Senior Class History

JUNE brings with it the departure of another class from DePauw. As verdant freshman they chose as officers: Everett McCutchan and Don O'Rear, president; Louise Metzler and Berniece Campbell, vice-president; Elise Colby and Carolyn Hale, secretary; and Oswald Stone and Harry Scott, treasurer. Under vigorous opposition from the sophomores the numerals 1929 were successfully placed on the standpipe before Old Gold Day; however the class scrap, with Robert Allingham as leader, saw defeat for the freshman.

Their laborious sophomore days were guided by: Vere Sutherlin and Ernest Firebaugh, president; Mary Jo Springer, who as a junior wore the junior ring, and Elizabeth Berryhill, vice-president; Catherine Roe and Mary Frances Page, secretary; and Paul Wade and Eugene Schricker, treasurer. For class garb black jackets trimmed with Old Gold were chosen; Old Gold Day gave the sophomores another victory to add to their list.

The officers during the busy days of junior activity were: Everett Niergarth, president; Kathryn Morman, vice-president; Virginia Miller, secretary; and Robert Doolittle, captain of the swimming team, treasurer. This mile stone found the class leaders in the scholastic, athletic, and social phases of campus life.

The most outstanding achievement of the last lap of their course was the organization of a Senior Senate with representatives from every group of the class. Margaret Rohwedder was chosen to be the wearer of the senior ring.

When the class of 1929 has passed beyond the campus of old DePauw, she will have lost a most worthy and faithful group of undergraduates and she will have gained many loyal, devoted alumni.

Class History

THE Class of 1930 organized the first Freshman Council. The class officers for the first and second semesters were: Robert Kimberlin and George O'Bear, presidents; Rachel Gould and Fae Houston, vice-presidents; Marjorie Lovell and Norma Davidson, secretaries; and Don Menke and Avery Shepherd, treasurers.

In the last of the legitimate water tower battles the numerals of '30 defied the sophomores, whose revenge was the usual drubbing of the freshman in the Old Gold Day class scrap.

The officers of the class during its sophomore year were: James Royer and Clair Hull, president; Virginia Hudson and Margaret Luke, vice-presidents; Mary Elizabeth Briggs and Madeline Findley, secretaries; and John Little and Howard Petersen, treasurers. The class upheld sophomore tradition by defeating the freshmen on Old Gold Day.

The juniors have taken a large share of mid-course honors. Lucy Mae Roelle received the junior ring. Already the class is assuming the responsibilities that the seniors of '29 are laying down and is anticipating an active senior year.

The Underclasses

A DISTINCT variation from tradition occurred on last Old Gold Day. The sophomores kept their numerals upon the water tower until dawn, but in the contest of the holiday went down under the victorious freshman. The fight was soon forgotten, however, and the wearers of the white hats and those of the green caps left their class feeling behind in working for the good of the school as a whole.

Freshman week was conducted for the third year at DePauw and was very successful in allowing the new students to become established before the problems of rush were upon them. The men were temporarily housed in the annex to the Men's Hall and a program of activities kept all freshman busy during the week.

The Freshman Council was organized early in the year and played an active part in class affiairs. A very successful party was held in the gym and bonfires were built on the night before Old Gold Day and before the Wabash game.

Athletics

The Athletic Year

ATHLETICS at DePauw during the past year have been marked by the increased successes of the Tiger varsities, both in major and minor sports, and by a greater interest and development of athletics throughout the school itself. An inspection of the records of the various teams shows DePauw to be at least the equal of any secondary school in Indiana, and in many cases reveals a favorable comparison with athletics in the larger schools.

Coach Hughes and his assistants seem to have inculcated in the Old Gold athletes that Tiger fight that never gives up, but which is at all times sportsmanlike. Not only the men on the teams, but the student body have carried on this characteristically DePauw spirit: student support has shown loyalty and interest, which was only the more intensified in the face of defeat.

Probably the most outstanding thing in the athletic year was the remarkably successful football season, during which Wabash was defeated for the first time in eight years, and a DePauw team fought its first intersectional battle against the powerful Army eleven at West Point. This game proved that big, intersectional tilts are not injurious to DePauw athletes, but rather stimulating. A fruition of the good work laid by Coach Hughes when he came here, and which has gradually been developing, is evident in these successes and the results of the rest of the season.

Coach Hughes was ably assisted in his work on the football field by a new man on the coaching staff, Mr. Eugene C. Oberst, all-western tackle from Notre Dame at the time of the "Four Horsemen" and a javelin thrower on the American Olympic team. Oberst whipped a line that was miserable in its first game into a stone wall; his work is deserving of the highest praise.

TODD GAINEY, *Trainer*

Coach Bucheit's track team for 1928 was even more successful than the splendid team of the previous year. DePauw swept the Little State meet again and in the Big State meet scored the highest number of points ever scored by a secondary school.

The baseball season of 1928 was disastrous. The diamond artists under the tutelage of Todd Kirk lost twelve games, tied one, and won but four. However, many of the games were lost by as small a margin as a single run.

Basketball this year was rather inconsistant. Coach Moffett's team showed exceptionally well in some contests and very poorly in others. The Tigers kept up the tradition of beating Wabash established on the gridiron, defeating the Cavemen in one of the two games played.

Coach Search has had charge of the minor athletics—swimming, tennis, and golf—and has turned out some strong teams in these sports. He also had charge of a large part of the physical education program.

With the addition of Mr. Oberst to the coaching staff, a well rounded and efficient unit has been formed. Under the leadership of Head Coach Hughes this staff has functioned harmoniously and effectively and as time goes on should continue to produce well coached, sportsmanlike teams of which DePauw may well be proud, win or lose.

HUGHES, *Coach*

AFTER a rather discouraging and uninspiring start in the opening game against Purdue, the DePauw football team profited by its mistakes, plugged on, and developed into one of the greatest teams which has ever represented the Old Gold. Its record of six victories and two defeats, both of which came at the hands of much larger schools, is one of the most impressive in DePauw history. It was a team that knew football, was alert to take every break, that played the game hard and fought to the last whistle.

Opening the season against the strong Purdue eleven, the Tigers were borne down to defeat by the reserve strength of the Big Ten team. Although the DePauw forwards broke through time and again to down the Purdue backs in their tracks, the heavier and more experienced line of the Boilermakers wore down the Old Gold, and allowed Purdue to pile up five touchdowns.

However, during the first half Purdue was held to only one touchdown: this came after Schwartz had intercepted a Tiger pass and Purdue had carried the ball from the 46 yard line. It was in this same half that DePauw registered her only first down on runs by Brandenburg and Cassidy.

During the remainder of the game the Tigers were unable to gain, and were forced to resort to a kicking game. It was at this point that the reserve strength of the Conference school told, and fresh players managed to boost Purdue's total to 31 and to hold DePauw scoreless.

In the first home game of the season Earlham gave the Tigers a battle, which resulted in victory for DePauw, 14-0. The Quakers put up a stubborn fight and held the Old Gold scoreless except in the second quarter.

Neirgarth scored the first touchdown when he covered a blocked kick behind the Earlham goal line. The next one was scored by Brandenburg after a determined offense had carried the ball down the field. During the remainder of the

game DePauw threatened time and again, but the Quakers stiffened and held for downs.

With a brilliant display of offensive and defensive power the Old Gold gridders easily defeated Evansville at the camp of the losers by a score of 43-0. Coach Hughes was able to substitute freely in this contest and used thirty-one players.

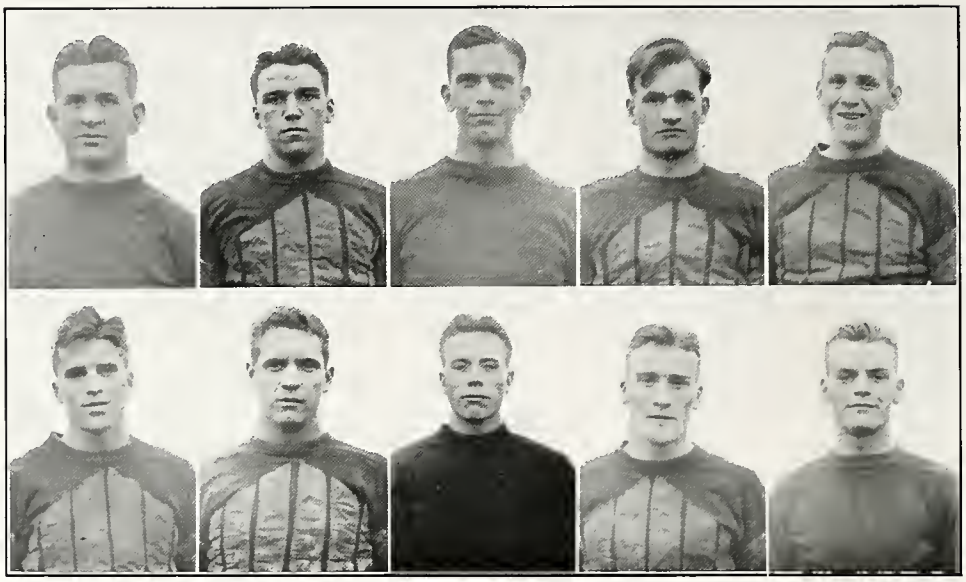
The game with Franklin brought with it the memory of last year's defeat on Old Gold Day, and the Tigers took sweet revenge on the Baptists to a tune of 33-0. A powerful running attack and stubborn defense characterized the play of the team in its third consecutive shutout victory.

FIREBAUGH, *Captain*

November 3 marked a day of significance in DePauw athletic history: a fighting DePauw football team, playing in a drizzling rain, took a 38-12 defeat from the strong Army aggregation, only after every inch of ground had been stubbornly contested. The Tiger defense allowed the Cadets only three touchdowns in the first quarters, and at the same time launched an offensive of their own which resulted in a touchdown. The twelve points scored by the Methodists was as much as any team had been able to score on the Army up to that time.

Despite the adverse weather conditions which made the heavy Cadet line more dangerous, the speed of the DePauw backs and the hard charging forward wall, coupled with a menacing aerial attack, kept the result of the game in doubt and gave the redoubtable Mule a most uncomfortable afternoon. The reserves that the Army was able to throw in during the second half turned the balance in their favor, when they slashed through the exhausted Tiger defense for three touchdowns in the last quarter.

After having had two touchdowns scored against them in the first period, the Old Gold recovered from its stage fright, and penetrated deep into Army territory on a forty yard pass, Scott to Johnston. Although DePauw lost the ball here, Scott and Brandenburg worked it down the field after an exchange of punts and G. Van Riper scored on a quarterback sneak.



Firebaugh, Crawley, Howell, Johnston, Blake
Brandenburg, Scott, Huffman, Means, Bray

The West Point gridders ran the score up to 18-6 in the third quarter on a touchdown by Roper; in the next quarter, using fresh reserve material the Army scored their last three touchdowns. It was in this final period that Brandenburg shifty DePauw halfback, dashed through the center of the Army line, and squirmed and dodged his way behind splendid interference 50 yards for the Tigers second score. It was one of the most beautiful pieces of open field running of the year.

The Tiger's next opponent was Indiana Central, whom they defeated by a score of 25-0. Central contested the game bitterly, putting up a stubborn defense, but lacking an offensive drive.

G. Van Riper, Niergarth, Hogan, Struck, Cassidy
Kappes, Ragsdale, Loveless, Gunn, Beam

A driving rain and a slippery, muddy field confronted the Old Gold in their battle with the heavy Muncie Normal outfit. The outstanding feature of the game was the driving attack of the Methodist eleven who used straight football instead of its usual open play and passing attack. These line plunging tactics humbled the heavier Normalites, 19-0.

The last game of the season, for which the Tigers had been pointing all year, brought them face to face with their traditional rivals from Wabash. In this game the real fighting spirit of the team was evidenced, when it came back to win after Wabash had piled up a lead of two touchdowns in the first seven minutes of play. Never has a DePauw team played more superbly than the last forty-three minutes of this game.

HARRY GOUGH, *Manager*

Thus ended the season which was marked by the development of first string reserves for the first time in DePauw history. Coach Hughes had two complete backfields—one a heavy, hard-hitting combination composed of Scott, Cassidy, Hogan, and Means—the other a so called "pony backfield" which was light and shifty, composed of Blake, Brandenburg, Crawley, and G. Van Riper. Hughes was able to use the first outfit to batter and wear down the opposition, and then to send in the other to run around it. Melbourne and Spina are other backs who show great promise.

Led by Captain Earnest Firebaugh, the Tiger line was the proverbial "iron wall" on defense, and an aggressive and potent factor in the smooth running offense which characterized the play of the Tiger eleven this season. Johnston, Loveless, and Kappes took care of the end positions. Neirgarth and Captain Firebaugh are a pair of the best tackles in the state, and Bray, Struck and Howell formed the center trio.

DePauw will lose nine men through graduation; they are: Captain Firebaugh, all-state tackle, Neirgarth, Loveless, Bray, Howell, Huffman, Brandenburg, all-state half back, and one of the most brilliant performers in Indiana, Scott, and Gunn. Paul Blake fullback, has been elected to captain the Tigers next year, and, despite the loss of these valuable men prospects for a successful season in 1929 are extremely bright.

Basketball

1928 Basketball

MOFFETT, *Coach*

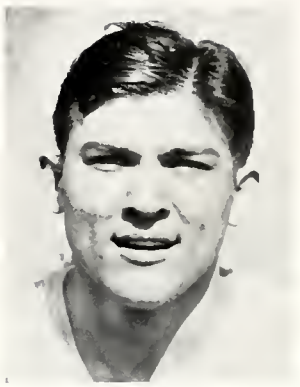
COACH MOFFETT'S basketball team started the season in a whirlwind fashion by winning four games straight, including victories over the strong State Normal and Chicago quintets. However their play ran in streaks during the remainder of the year, and a recapitulation of the figures shows that DePauw won nine games and lost eight. The most important victory of the season was scored over Wabash on the local court, 24-22.

The Old Gold machine buried Rose Poly under an avalanche of field goals in the first game of the season, 52-13, and three days later took Earlham into camp 35-28. Playing their first out-of-town game, the Moffettmen defeated the highly touted State Normal five, 37-25. This was one of the best games that the Tigers played all year.

During the Christmas holidays DePauw started well by defeating the University of Chicago 23-19 in a loosely played game. After a day of rest the Methodists faced the powerful Purdue team. The work of Murphy and Hermeson of the Boilermakers piled up a 24-5 score against the Old Gold in the first half; the second half was played on much more even terms, Purdue scoring 22 points to DePauw's 19, making the final score 47-24 in favor of the Big Ten school. The last game of the vacation period was dropped to Illinois Wesleyan the following night by a score of 20-15.

The Tigers came back from behind to win the first game of the second semester from Indiana Central, 31-28; the Greyhounds led at the half 17-13, but Crawley put DePauw ahead by scoring five points in rapid succession. DePauw had a close call in their next game at Evansville. The Purple Aces ran up a ten point lead at the start of the final period, but DePauw, led by Mountz overtook them and managed to pull the game out of the fire 26-24.

Staging another thrilling second half comeback the Tigers overcame a Wabash lead of six points at the half and battled their way to a 24-22 victory. A last minute field goal by Stone and a free throww by Mountz put the game on ice for the Tigers.



LOVELESS, *Captain*

The jinx which seemed to pursue the Old Gold on their last road trip seemed to be with them when they traveled to Franklin, Butler, and Earlham. Franklin downed the Methodists 42-31, and Butler turned the trick, 35-20. Earlham took revenge for the defeat earlier in the season by nosing the Tigers out 18-17.

State Normal threw a scare into the Tiger camp in DePauw's next home game; the Moffettmen barely shaded the Teachers 26-25. Normal led at the halfway mark 13-12. Evansville was defeated for the second time during the season, 34-26; Stone and Crawley led the scoring for DePauw. In return game with Butler the Methodist quintet was keyed up to a high pitch and played evenly with the brilliant Bulldog combination. With the score standing 25-21, Stone, star forward was ejected on persona fouls and Mountz was taken out of the game. From this point on Butler had no difficulty in running up their score to 34 against DePauw's final total of 23.

Crawley, Stone, Stunkel
Costello, Ragsdale, Struck, Mountz

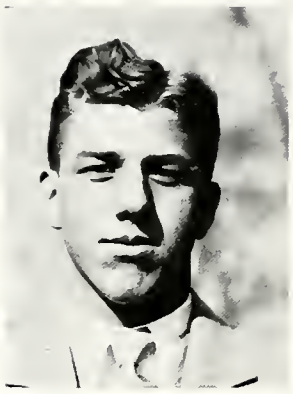
The loss of the Butler game seemed to throw the Tigers into a slump, and they lost the last two games—one to Wabash, 36-26 and the final one to Franklin, 34-32.

Oswald Stone led the individual scoring of the team with 127 points for his season's total; Crawley was next with 93, and Captain Loveless followed

Stackhouse, Searcy, Robbins, Boswell

closely with 90. Ragsdale, Mountz, and Stunkel played a good brand of ball all season.

Moffett will lose Stone, Captain Loveless, Costello, and Gunn who are seniors, but will have Mountz, captain-elect, Crawley, Stunkel, Ragsdale, Searcy, Boswell, Robbins, McCoy, Naftzger, and Stackhouse, besides some promising freshman material to build his team around next year.



DAN WENTWORTH, *Manager*

At the end of the football season the men on the squad who had shown outstanding service and interest but who had not played enough actual time to win them letters were awarded sweaters with reserve letters, a gold D with a small R in the corner. This same practice was continued for the basketball men and four players were awarded these reserve letters. They were Stackhouse, Searcy, Robbins, Boswell.

The season officially closed with a smoker given by Phi Delta Theta. At this time several speakers expressed the appreciation of the school for the work of the team and the D sweaters were given out. The captain for the season of 1929-30 was also elected and announced. George Mountz received this honor and will lead DePauw basketmen next year.

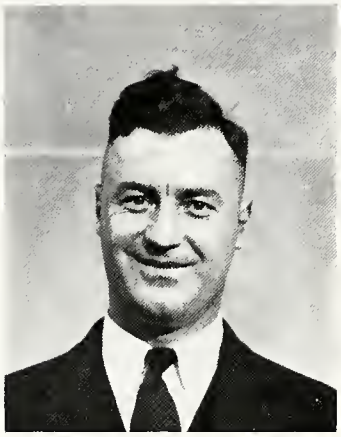
1928 Track



BUCHEIT, *Coach*

PERFORMING brilliantly in every meet, Coach L. C. Bucheit's track team turned in one of the most successful records for the 1928 season ever made by a DePauw track team. Not only did the Tigers capture the Little state track and field championship, but took fourth place in the Big State meet, by piling up 28 1/3 points, the highest total ever scored by a secondary school in that meet. Besides these feats the DePauw thinlies won every meet on the regular schedule by top-heavy scores.

Coach Bucheit sent a small squad to participate in the Illinois Relays which were held in March; this squad managed to take sixth place by virtue of a fifth in the mile relay, and a sixth in the two mile relay. The locals were barely nosed out of fourth place in the first event by the Kansas State Teachers.

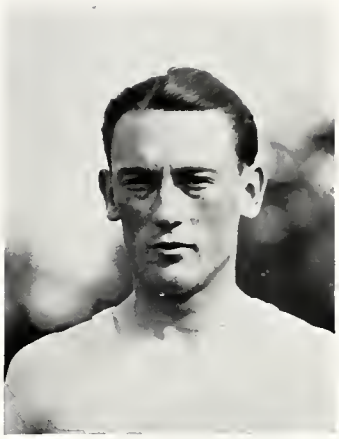
In the first meet of the regular schedule DePauw walloped State Normal at Terre Haute by a score of 118-13. The Old Gold captured every first, and Ramsay was high point man of the meet with 17¼ points.

Led by Spohn and Vawter, with three firsts to their credit, the Tigers copped eleven firsts, ten seconds and some thirds to beat Muncie Normal 104-22. The Methodists captured all three places in the half-mile, the mile, and the two-mile.

The championship hopes of Earlham were given a severe setback when the Old Gold team counted 82 points to the Quacker's 44. DePauw won both

first and second places in the 100 yard dash, the 220 yard dash, the shot put, the discus, and the javelin. Ramsey with 14 points and Spohn with 13 led the scoring.

Scoring first and second in every event except the high jump and the broad jump, DePauw overwhelmed Rose Poly 111¼-14¾. Hugh Spohn, star Tiger weight man, broke the DePauw record of 41'6" for the shot put, held by "Doc" Roller since 1898, when he heaved the weight 41'10".



CHRISTIE, *Captain*

On April 24 the annual interscholastic track and field meet was held at Blackstock field through the courtesy of the University. The meet was won by Muncie high school from a field of strong high school track teams.

Butler was the next school to fall before the speed and brawn of the Tiger thinly-clads, and were humbled by a score of 99-27. Only one Bulldog was able to win a first place: this was in the mile run. Spohn beat his own record of 123 feet in the javelin with a toss of 127 feet, 3 inches. The high point man of the meet was Captain Christie, who scored 16 points.

Out classing a field of entries from eight schools, DePauw won the Little State track and field meet for the fourth consecutive year. The Old Gold placed in every event except the broad jump to pile up 67½ points. White of Rose Poly broke the conference pole vault record with a vault of 12 feet 4 inches, and the DePauw mile relay team, composed of Hogan, Cornthwaite, Sutherlin, and Ramsay, lowered the record for this event from 3:29.1 to 3:25.9. Hugh Spohn led individual scoring with 13 points.

Top row—Sutherlin, Spohn, Tomlin, Cornthwaite
Second row—Gunn, Scott, Hogan, Howe

By winning one first, four seconds, two thirds, a fourth and a triple tie for another first, DePauw tallied 28 1/3 points and copped fourth place in the Big State track and field meet, held at Lafayette. Spohn broke his own record in the discus when he hurled the plate 129 feet 6 inches. The Tiger mile relay

Ault, Vawter, Mull, Bowman
Button, Armer, Ramsay, Carter

team was nosed out of first place, after leading the greater part of the race by Indiana.

Vere Sutherlin, crack middle distance man was elected to pilot the trackmen during the 1929 season. With just a few men lost by graduation it looks as

if the Old Gold will make a strong bid for a fifth consecutive Little State Championship.

OBERST, *1929 Coach*

ALTHOUGH DePauw's baseball team won only four games, tied one, and lost thirteen, the season was a little better than the figures indicate. Out of the thirteen defeats eight were by a margin of a single run, and two by a margin of two runs. Also five of these were dropped to Big Ten teams , Purdue winning three and Indiana two.

The Tigers traveled to Lafayette for the opening game and lost out in the last inning when the Boilermakers pushed a run across the plate to break a tie score of 5-5. Lamphear led the hitting with two home runs, one on an error by Harmeson, and the other a bona fide circuit clout which tied up the score.

A return game the next day at Greencastle proved disastrous for the home team; the score was Purdue 12; DePauw 1. In the last Purdue game, a week during spring vacation the Methodists were again shaded by one run, 9-8. Five runs scored in the eighth just fell short of victory. Lamphear, Scheiner, Babcock, and Messersmith garnered two hits a piece. Illinois rapped the Old Gold in the other vacation tilt 2-0. B. Folwe pitched beautiful ball but received no batting support. A home run in the first inning accounted for the Suckers' two counters.

Darkness settled over the field in the Rose Poly contest with the score knotted at 3-3. Nine full innings had been played but neither team could seem to make hits count for runs. Captain Stratton and Babcock topped the batsmen with two hits a piece.

A base on balls and a hit in the tenth inning broke a deadlock and gave Indiana University a hard earned victory over the DePauw nine by a 5-4 score. Five errors proved costly to the Old Gold, and Pfersick's nice pitching and the Tigers bats were not able to make up for them. Anderson, flashy third baseman registered two hits in two trips to the plate.

DePauw chalked up its first victory of the season over Indiana Central at Indianapolis, 5-1. The Methodists scored one run in the second inning on a fielder's choice which allowed Costello to get on base, a hit by Whitsitt, and an error by Jones. The fifth was the big one for DePauw, four Tigers crossing the pan. Folwe's airtight pitching and Captain Stratton's work at bat featured this contest.

STRATTON, *Captain*

Still followed by a losing jinx, despite the victory over the Greyhounds, DePauw lost to State Normal 13-12 in a loosely played game. Eighteen hits and thirteen errors figured in the scoring. Scheiner chalked up four hits and a walk in four times at bat, and Lamphear drove out another home run.

Seeming to play better ball away from home, the Old Gold trounced Muncie Normal at Muncie 18-8. DePauw took advantage of her fifteen hits, Muncie's ten errors and Lamphear's homer to turn the trick.

Defeat continued to stalk the Tigers in their next three contests. Indiana took their measure 4-1, Butler 3-1, and Rose Poly 4-3. Effective pitching was mainly responsible for the loss of the first two games, while in the Rose Poly game, a wild throw by Lamphear allowed the Engineers to score the winning run.

The second win of the season was scored in the return game with Indiana Central. Fowle pitched steady ball and the Tigers turned fifteen hits into 6

tallies, at the same time blanking the Greyhounds. Lamphear was responsible for four of DePauws hits.

In the next contest Bennett of Wabash made himself famous at the expense of the Old Gold by pitching a no-hit, no-run game, and thus enabling the Cavemen to win 1-0. Pfersick, DePauw pitcher, pitched beautiful ball himself, allowing only three scattered safeties.

Sweet revenge came to the Methodists when they bested State Normal in a nip and tuck battle, 7-6. DePauw trailed for the first few innings, but tied the

score in the fourth, and forged ahead in the sixth on Babcock's hit and Anderson's home run.

Held at the mercy of Bennett's masterful pitching, DePauw dropped a second game to Wabash at Crawfordsville. The Cavemen had little trouble in touching Pfersick and Hauck for 13 hits, and won handily 8-2. On the following day Muncie Normal won the return tilt from the Old Gold 9-8. Three more hits and one less error were responsible for the Cardinal's victory.

RUSS HAUCK, *Manager*

An error by U. Fowle paved the way for the deciding run in the final game of the season which went to Butler by a score of 2-1. Air-tight pitching featured the encounter, only nine hits being garnered by both teams, Butler getting six, and the Tigers three.

The baseball squad was hard hit by graduation, losing Captain Stratton, ex-Captain Anderson, Messersmith, Pfersick, Bert Fowle, and Shults. Don Lamphear, first baseman and champion home run hitter of the Tigers was elected to pilot the team as captain.

Swimming Team

SEARCH, *Coach*

THE DePauw Swimming Team, coached by W. E. Search, experienced its most successful season in its four years of intercollegiate competition. Under the able tutelage of Coach Search it met the best teams in the state with but two defeats and those at the hands of Indiana and Purdue. The only other defeat was at the hands of Michigan State. The season's record consists of nine victories, three defeats and third in the State meet held in Indianapolis.

The list of victories for the season includes Anderson (twice), Richmond (twice), Butler (twice), Evansville, Wabash, and Ypsilanti normal. DePauw was a strong contender in the state meet, but was nosed out in a number of close races, taking third place with 27 points. Murdoch, captain of the team last year, won the state diving championship over a strong field of entries.

The squad loses through graduation Scott, Murdoch, Doolittle, and Sasamori. These men have been the back bone of the team and their services will be greatly missed, but a promising group of under classmen coming on the prospects for next season are very bright.

Letters will be received by; Captain Scott, Murdoch, Doolittle, Sasamori, Marlatt, A. Crain, Wurst, Drake, Appleby, and Cummings. Reserve awards go to Marsh, Lee and Kitchen. Richman, Ratcliffe and F. Crain will receive numerals.

Varsity Rifle

THE varsity rifle team has been unusually successful this winter. They have to their credit nine victories over schools of considerable standing in both athletic and military fields. The first of these was Worchester Polytechnic University of Wyoming. This match was followed by contests with Michigan State, University of Tennessee, Massachusetts Agricultural College, Emery University, Washington University, Creighton University, and Lafayette College.

On February 22 the armory was condemned for use in rifle marksmanship and the team was forced to leave its schedule unfinished. With new facilities for shooting next year there should be a considerable increase of interest in rifle and DePauw may easily maintain the place she has so far reached.

WHITSITT, *Captain*

Minor letters for this year were awarded to Decker, Huffman, Keaton, O'Neal, Renfro, Sharp, Stewart, Whitsitt, and Voltz. Anderson and Watson received numerals.

Varsity Tennis

The varsity racquet wielders finished the 1928 season with comparative success. They won four of the seven matches with Indiana, State Normal, Franklin, Wabash, and Butler. They were outclassed only by the strong Butler aggregation to whom they dropped two matches.

DePauw was represented by Lee Hughes, Don Brandenburg, Maurice Krahl, Wayne Shumaker, and Kurt Mahrdt.

Varsity Golf

The 1928 season was the most successful season that DePauw golfers have experienced since their entrance in this activity three years ago. Despite the handicap of a poor home course they came through in fine style, winning from Purdue, Butler, Wabash, State Normal, and finishing third in the intercollegiate competition at Indianapolis. They dropped two matches to Indiana.

The squad was composed of John Best, Charles Matthews, Walter Danneil, John Jones.

Freshman Basketball

The freshman basketball team coached by W. L. Hughes sustained only one defeat during the season at the hands of Wabash. Wins were counted over State Normal, Evansville and Butler.

Freshmen to receive their numerals are: Captain Masten, Moffett, Wilson, Copeland, Longden, Cowling, Hammond, Erb, Brindle, Maze, Bell, Beeson, and manager Wasmuth.

FRESHMAN TRACK, 1928

Freshman Track

The freshmen trackmen opened the season with a bang against State Normal. The DePauw rhinies piled up a total of 87½ points to 38½. However, they did not cope so easily with the Butler frosh led by Sivak. In the final reckoning DePauw lost, 42 to 84.

In the picture are, top row: Shumaker, Zimmer, Rose; front row: Mc Clellan, Horner, Smith, Bradbury. Cobb, Hummer, and Miles are absent.

A. W. S.

THE Association of Women Students is an organization in which all the women of the university are ipso facto members. The name was changed recently from Women's Self Government Association in order to describe better the character of the organization. Besides furthering a closer unity between the women students, A. W. S. also sponsors the Big Sister movement, maintains a scholarship loan fund, and until last semester presented a cup for the Spring Showdown staged by the women's houses. Mary Louise Wellenreiter was Big Sister Chairman for 1928, and Kappa Alpha Theta won the Showdown cup with their skit, "Pipe Dreams." The officers for the past year were: Edith J. Leavitt, president; Mildred Reed, vice-president; Virginia Hudson, secretary; and Margaret Harvey, treasurer. Each hall and house is represented on the A. W. S. board.

Top row—Edith Leavitt, Mildred Read, Josephine Morgan, Margaret Harvey, Virginia Hudson.

Second row—Harriet Stout, Kathryn Homan, Margaret Luke, Ruth Ward, Sally Robards, Dorothy Ellen Barr.

Third row—Mary Hardesty, Mary Louise Wellenreiter, Mary Power, Mary McCord, Mary Elizabeth Briggs, Vera Brezius.

Absent—Ruth Kattman.

Mortar Board

MORTAR BOARD, national senior honorary fraternity for women, was established at DePauw in 1919, one year after the national organization was founded at Syracuse, New York. Mortar Board now has forty-two chapters in colleges throughout the country.

Selection of new members is made each year on the basis of scholarship, leadership, and campus activities. "Pledging" takes place on the campus during the May Day Breakfast when the seniors "cap" the new junior members.

Mortar Board purposes to further ideals of cooperation, service, leadership, and scholarship. During the past two years the organization has sponsored informal teas every two weeks for senior women.

Faculty members include Dean Katherine S. Alvord, Miss Dade B. Shearer, and Miss Minna Mae Kern.

The officers for the past year were: Helen Ranton, president; Helen Brewerton, treasurer, and Mary Jo Springer, Secretary.

Y. W. C. A.

THE officers of the Y. W. C. A. during the past year were Opal Williams, president; Evelyn Goff, vice-president; Lucy Mae Roelle, secretary; and Helen Ranton, treasurer. The members of the cabinet which worked with these officers were Helen Brewerton, Sarah Gilmore, Dorothy Eller, Helen Day, and Mildred McFall.

The three groups of the Y. W. C. A., the personality, social service, and international contact groups have met every two or three weeks during the year to discuss the problems with which each one is concerned. Sarah Gilmore was leader of the personality group. Helen Brewerton had charge of the social service group. The international group was lead by Dorothy Eller.

The advisers this year were Mrs. Fred W. Hixson, Mrs. O. H. Smith, Miss Robertson, Miss Anne Olmstead, and Miss Katherine S. Alvord.

At the election held this spring Dorothy Rutter was elected to the presidency for the coming year. Mildred McFall will be vice-president; Ruth Hall is to be secretary; and Betty Cook is the new treasurer. Alice Whiten, Carolyn Parker, Marian Smith, Betty Lou Hunter, and Anne Morrison are the cabinet members for next year.

The advisers are Mrs. G. Bromley Oxnam, Miss Robertson, Miss Anne Olmstead, and Miss Katherine S. Alvord.

Alpha Lambda Delta

ALPHA LAMBDA DELTA, national scholastic fraternity for freshmen women, was founded at the University of Illinois in 1923 for the purpose of encouraging and rewarding high scholarship. The DePauw chapter, founded in 1926, has a present enrollment of sixty, including the charter members who are now inactive.

Eligibility for membership is based on the grade point system, with a requirement of 38 points for the first semester or an average of 40 points for the entire year. Twenty freshmen women were initiated into the organization in March: Catherine Colson, Betty De Wees, Eleanor Mann, Evelyn Richey, Orian Acree, Nedra Holdeman, Mary Frances White, Joan Durham, Elwood Miller, Wenonah Hatfield, Mildred Aiken, Mary Beyer, Marjorie Bundy, Gladys Green, Rozelle Rutter, Ruth Wagoner, Caroline Alvord, Mary Elizabeth Hughes, Eleanor Rumpf, and Virginia Garton.

Women's Sports Association

THE name of the Women's Athletic Association was changed this year to the Women's Sports Association in accordance with a motion made by the sectional conference of the A. C. A. C. W. at Ohio State University last spring. As the new name designates the association no longer stresses the development of athletic prowess but is extended to include all college women who are interested in sports of all kinds.

Emma Jean Burke was elected to head the organization for next year. She is assisted by Jane White, vice-president; Margaret Poucher, secretary; and Wilma Grossman, treasurer. The advisory board for 1929-30 in addition to the officers includes Berneice Phelps, Carol Sayre, Deborah Hoopengardner, Dorothy Shideler, Marian Gravis, Marjorie Joslin, Carolyn Jones, and Betty Cook.

The mass meetings this year have been featured by short programs. Volley ball was added to the list of competitive sports and the interest manifested was enough to assure its place on the spring sports schedule. Another feature of the organization's activity this year was the sponsoring of a Play Day to which high school girls in the surrounding counties were invited. The program for this included games and sports competition.

Much of the year's success is due to the able sponsoring of Miss Lucy T. Bowen, Miss Catherine Riggs, and Miss Rachel Benton.

Rifle

This sport is rapidly gaining favor with DePauw sportswomen. A series of inter-house and inter-class tournaments were scheduled, which were won by Lucy Rowland Hall and the Sophomore Class. Deborah Hoopengardner shot the highest individual score.

Rifle enthusiasts have organized into a club, sponsored by Captain Albright, and administered by Jean Baker, president, and Mary Niblack, secretary-treasurer.

Intramural Volley Ball

The trophey for women's intramural volley ball was won this year by Alpha Phi, whose team was made up of Margaret Frazier, Sally Robards, Caroline Jones, Evelyn Goff, Margaret Rohwedder, Martha White, Jean Bain, and Dorothy Thompson.

Intramural Swimming

The girls' intramural swimming trophey was won this year by the Theta team consisting of Mary Jo Springer, Karen Ita Cooper, Marian Gravis, Dorothy Shideler, and Mary Elizabeth Royse.

The main feature of co-ed swimming season of 1928-1929 was an inter-house meet held in January. The events included racing, crawl and back, strokes for form, fancy diving, and a medley relay. An inter-class conducted in March created much enthusiasm, while a novice meet, open only to girls not sufficiently advanced for class teams, afforded an opportunity for practice and competition to less skilled swimmers. An interesting part of the latter meet was a program of water novelties performed by the Naiad Club.

Throughout the season, the Life Saving Club, together with the beginning and advanced swimming classes has been very active in the fostering interest in swimming as a major sport in U. S. A.

Intramural Bowling

The Tri Delta Bowling Team, consisting of Josephine Murphey, Virginia Morgan, and Jane Cartwright took the trophey in the women's tournament this year Bowling Champions.

Tennis

The coed Tennis season of 1928-1929 began early in September with an individual tourney for the champion's cup, presented annually by W. S. A. After three rounds of competition, Ethel Page, '31, won the trophy which had gone the two preceeding years to Margaret Ward, ex '28. The spring activity in this sport comprised an interclass tournament during April and May.

Tennis enthusiasts for the coming year are anticipating the new courts promised by the University which will offset to a degree the rain which usually slows up practices on the mud courts.

Soccer

Soccer, which has become one of the major sports of W. S. A., has gained the interest of many of the coed athletes. During the past year this sport was under the supervision of Josephine Trimble. At the close of the season an interclass tournament was played in which the Freshmen were victorious, having defeated the upperclass team by a score 3-2, and the Sophomore team 2-0.

The following girls placed on the Varsity team: Louise Chittick, Ruth Yeager, Jo Trimble, Pauline Griffith, Margaret Poucher, Marjorie Joslin, Regine Alspaugh, Carol Sayre, Cora Ewan, Berniece Phelps, and Jane Rhue.

Basket Ball

Basket ball, the most popular of the coed major sports, brought its season to a close with Kappa Kappa Gamma winning the inter-house cup and the sophomores, after a round robin tournament, capturing the inter-class cup. The cups were awarded the winners at the banquet held at Lucy Rowland Hall on March 7 and the honorary varsity announced. The net stars who placed were: Jane White, Louise Chittick, Wilma Grossman, Vera Brizius, Geraldine Hower, and Cora Eewan.

The DePauw

THE DEPAUW, which appears on each Monday, Wednesday, and Friday evening of the college year, fills the place of news organ to the campus. It is the present descendant of the DePauw Weekly which was begun over seventy-five years ago.

The paper holds a unique place among college publications in that it is free from administrative censorship. The staff enjoy the confidence of the officials of the university that nothing of detriment to the college will be published. The present needs and the future growth of the paper is taken care of by the DePauw Board of Control which is headed by Prof. L. E. Mitchell. Prof. W. C. Arnold is also a faculty member of the Board of Control. This year the publishing of the paper has been facilitated by the furnishing by the Board of a balcony built into Greencastle Banner office and utilized only by the DePauw staff.

The work of the paper is conducted entirely by students and five large staffs, the reportorial, the advertising, the circulation, the sports, and the feature, are maintained in addition to the editorial positions.

Bernard Kilgore has been editor of the DePauw this year and Hewitt Carpenter, business manager. The managing editor was Poynter McEvoy.

Other editors during the year were: Robert Bottorff, associate editor; Paul Wade, news editor; Katherine Homan, assistant news editor; Guernsey Van-Riper, sports editor; Margaret Rohwedder, society editor; Margaret Harvey, feature editor; Ted Callis, advertising manager, and Vernon Noe, circulation manager. WITH its purpose of fostering dramatic talent and presenting worthwhile plays for the student body, Duzer Du occupies an important place among the honoraries on the campus. The fraternity is associated with the National Collegiate Players.

Three full-length plays are given each year by the organization. "Civilian Clothes" with Lillian Dale and Harry Gough playing the leads was given in November. "The Music Master" and "Peg O My Heart" were given in the spring. In the former play Sara Crouch and Archibald Voorhees held the principal roles while in the latter they were portrayed by Louise Freeland and Harry Gough.

The coaching of the plays has been done this year by Prof. H. B. Gough, Prof. R. E. Williams, and Miss Ethel Morris. Officers of the fraternity were: president, Harry Gough; vice-president, Helen Stokes; secretary, Helen Hile, and treasurer, Albert Crews.

Varsity Debate

THIS year has been marked by a variety of opponents for the varsity squads and by an appreciable success in the important meets as well as in those where no decision was given. Outstanding among the victories is the double defeat of the University of Notre Dame at Greencastle and at South Bend.

A practice debate with Albion college opened the season and it was soon followed by a meet with Rose Polytechnical institute at Terre Haute. A squad met Miami University at Connersville and later Butler debaters were entertained here. North Manchester Colege was defeated in a debate at Rochester on the question, Resolved: That trial by jury should be abolished.

Debates with Western State Teachers' College and Albion College at Coldwater, Michigan, were also important events on the schedule. A non-decision argument with the University of Florida on the jury question was held in March and during the same month a team debated Western State Teachers' College before the Men's Hall Association. The final debate of the year was the defeat of Evansville College on the question, Resolved: That a system of court procedure similar to that of Great Britian should be adopted in the United States.

Mr. Herold T. Ross has served as coach during the year and the men who have appeared in important debates are: Alvin Rockwell, David Lewis, Franklin Cole, Robert Small, Robert Hixson, John Hanger, John George, Angus Cameron, John Hughes, James Funston, Howard Peterson, Howard Warriner, Robert Kimberlin, Roland Matthis, Robert Orr, and Charles Shumaker.

Women's Debate

WOMEN'S DEBATE carried on entirely independent of the men's varsity squad was put into practice at DePauw for the second time this year. Meets with all-women teams from other colleges and universities were scheduled and thus an opportunity to match debating skill with coeds from other schools was offered.

The group this year has been unusually active in the work. Much interest has been shown in the work of the seminarium and the squad has attracted a larger number of debaters than ever before.

An important debate on the women's schedule this year took place in the early fall when a team composed of Helen Stokes, Lililan Dale, Gwendolyn Hautau, and Helen Ranton, alternate, met a team representing three British universities. The debate was held in Meharry Hall before a large audience. The subject for the discussion was, Resolved: That democratic government must appeal to prejudice rather than to reason and the affirmative side composed of the English visitors, Nancy Samuels, Leonora W. Lockhart, and Margery Sharp, received the decision.

Other meets with Indiana State College, Taylor University, Manchester College, and Miami University filled the year's schedule.

Freshman Debate

THIS year the freshman debate team has carried out an extensive schedule of study and speaking. The members of the squad have been ably coached by Mr. Herold T. Ross.

The special division of freshman debating is intended to serve as preparation and training for later work on the varsity squad. This plan of forensic training is comparatively new at DePauw but its results have adequately warranted it's continuation. The project of creating an experienced and efficient varsity team in a later year is an ample reason for its success. Practice with the varsity members and a study of varsity methods and plans make up an important part of the work.

For the first time a women's debate team among the freshman was formed and its work has been carried on along the same line as that of the men.

The freshman schedule included debates with Albion, Rose Poly, University of Cinncinnati, Miami, Manchester, Notre Dame, Earlham, Evansville, and the University of Florida.

Mask and Gavel

UNDER the name of the "Public Speaking Club" a group of those who were majoring in the department of public speaking and others showing a special interest in that field formed in 1925 an organization to give its members an opportunity for public appearances as well as instruction in dramatic work. In the following year the name was changed to Mask and Gavel.

Regular meetings are held once a month at the various houses on the campus and programs are given by the members. Each year they present a play which is given at an open meeting for the entire student body. This year they presented "The Valiant" by Halworthy Hall and Robert Middlemass at their March meeting in the Little Theater.

Music

University Choir

THE DePauw University Choir, under the direction of Dean R. G. McCutchan, has had a most enviable reputation during the past year. The choir sang at Winona Lake all of last summer, and the winter season found them doing concert work throughout Indiana. Concerts were given at various times in Indianapolis, Bedford, Martinsville, Pendleton, Marion, Terre Haute, and Danville. They sang for the State Bankers Association in Indianapolis at their annual convention. Perhaps the outstanding honor that has come to them was the invitation received by them to sing at the new University of Chicago Chapel. In reviewing this concert the "Music News" said that this choir had "acquired a finess equaled by few, if any, organizations."

The Military Band

PERHAPS nothing adds as much interest and spirit to DePauw's military reviews, football games, and basketball games as the playing and manoeuvers of the band. Under the leadership of Medford E. Maxwell this organization has developed into a unit of which the school may well be proud. New capes in black and gold and officers' caps were provided for the members this year instead of the old uniforms and a really resplendent uniform was secured for the drum major.

Besides playing at several out of town games, the band has given a number of concerts throughout the state and has made a fine impression where ever it has gone.

The personnel of the organization is as follows:

The club this year has given but few outside concerts, mostly at Indianapolis and Terre Haute. They assisted in the Founders and Benefactors day program. The club also gave the radio broadcast over W. F. B. M. from Meharry Hall on April 14th. The program included ensemble work by the club and solo work by members. Another feature was the quartet picked from some of the best voices in the club. Various novelty numbers were also given.

The chorus of villagers, milkmaids, and farmhands was made up of members of the two honoraries and members of the operetta class. Miss Edna Bowles, voice instructor, had charge of the presentation. She was assisted by Robert McCullough, business manager, Don Wilson, and Irma Duffield. The orchestra assisted under the direction of Margaret Dennis.

University Sextet

THE University Sextet with three new members has continued to uphold the high standards of the organization on the campus as well as through the state. It is composed of, Emerson VanCleave, director and first violinist; Jean Davidson, second violinist; Frances Guymon, cellist; Carl Von Brock, flutist; George Pierce, clarinetist, and Kathryn Juillerat, pianist.

The sextet has been heard several times on the Vesper-radio programs, as well as appearing with the choir at Indianapolis, Marion, Princeton, Anderson, Bedford.

The sextet programs have been of a very high standing. It has made a place for itself as an organization of splendid ensemble and musicianly interpretation.

American Guild of Organists

SINCE November, 1925, DePauw has had a chapter of the American Guild of Organists. DePauw chapter is composed of all organ majors and any other organ students who wish to belong. Meetings are held the second Thursday in each month when various members discuss organ work of today and play selections on the organ. This year Prof. Van Denman Thompson gave a very interesting lecture on "What is in the Organ."

The secretary writes an article of the activities of the Guild for the New Music Review which is published monthly.

Each year the guild sends out examinations for Associateship and Fellowship awards. Prof. Thompson holds the highest degree of the National Guild of Organists.

The officers for this year were: Adeline Kriege, regent; Marjorie Gaston, secretary-treasurer, and Theresa Kaney, chairman of programs.

Clubs

Biology Club

IN 1921 the majors in the botany and zoology departments organized a departmental club to further the interest in current research and scientific investigation. Election to membership is based upon the standard of work done in the department.

Last year the club gave a biology exhibit which was one of the outstanding events of the year. This year they were not organized until the second semester and so did very little in the way of activities. They plan, however, to continue their habit of bringing an outside speaker to the campus during the spring.

Their monthly meetings are devoted to the reading of papers and the discussion of current scientific topics. Each spring they have a social meeting which is usually a picnic.

The officers for this year are: Victor Greulach, president; Mary Kesler, vice president; Lucille Wade, secretary-treasurer.

The faculty members are Prof. T. G. Yuncker, Prof. B. H. Graves, Dr. Grace Barkley, Prof. Everett Myers, Prof. C. P. Hickman, and Miss Mary Louise Loop.

The club, which is not social, meets every Wednesday night in the chemistry lecture room or at one of the houses. Most of their discussions are taken from chemical journals which contain reviews of current literature in that field.

Last year the club was instrumental in bringing James Millikin, the famous physicist, here to speak on the rise of modern physics. Each year they try to bring some such man to the campus not only for their own benefit but for the student body.

The officers for this year are:

DER DEUTSCHE BUND is a revival of the old German club formed at DePauw before the World war. It was reorganized in 1925 and in 1928 was admitted to the American Federation of German clubs.

The club is a social organization where informal German conversation is encouraged. Membership is limited to those who have had two years in the department or are especially interested and are recommended. Meetings are devoted to the study of the German literature, language, and customs.

Each spring the club presents several one-act plays in German at an open meeting of the club.

Problems in teaching and training of the adolescent mind are discussed at the meetings, which are the fourth Thursday of every month. Meetings are also partly devoted to social functions.

The club plans in future years to bring distinguished men in the field of education to DePauw to lecture both to their members and the student body.

Epsilon Epsilon

THE majors in the Greek department and those especially interested in that work organized in 1914 a departmental club called Epsilon Epsilon, under the direction of Prof. R. T. Stephenson.

Each year the club presents one of the more famous Greek tragedies at an open meeting. In the past few years they have given Sophicles' *Antigone*, and *Iphigenia Taurica* of Euripides. This year it was impossible for them to present a play but they expect to continue the custom next year.

Their meetings which are held three or four times a year are devoted to the study of Greek literature, art, and customs. The plays which they present enable the students to appreciate more fully the debt which modern literature owes to the Greek tragedy. One of their meetings this year was a joint meeting with the Religious Education club at which they discussed the connection of Art and Religion.

The officers for this year are:

President—Frederick Brooks

Vice-president—Charles Perry

THOSE who are majors or minors in the department of romance languages and are interested in learning to converse in french are members of the French club, "La Cercle Francaise."

Their meetings, which are held once a month, are conducted in French in an attempt to familiarize the members with the oral language and aid them in overcoming their embarrassment in speaking it. Interest in the customs of the French is also stimulated by reports given in the native tongue.

While the club is honorary in its purpose it is also social in its functioning.

THE history section of the History and Political Science club includes the junior and senior majors in the department who are eligible on a basis of scholarship.

Until last year these two divisions were combined, but they now meet separately except for one joint meeting a month. Prof. A. L. Kohlmeier of Butler University, gave the address at the last annual joint banquet which they held last spring. At another joint meeting last year Prof. Andrew McLaughlin of the University of Chicago spoke.

Meetings are devoted to the discussion of such questions as the political results of Hoover's visit to South America, prohibition, law-enforcement, and other modern political tendencies. At one of the meetings this year Prof. Hiram M. Stout discussed political science at Oxford.

THE departmental club for the majors in home economics carries on one of the most interesting pieces of work of any organization on the campus. They have charge of the home management house in which they are all required to live for a certain period, four girls living there at one itme. While here they serve for one week as budget keeper, cook, servant, and hostess.

The senior teas sponsored by Mortar Board, luncheons, and dinners for various clubs and groups are given at the house. Besides this project, they sponsor a bazaar at Christmas every year, using the money earned to buy equipment for the house.

Membership in the club is based upon scholarship and the quality of work done.

The mathamatics department at DePauw named their club in his honor as a symbol of all that is progressive in the field of mathematics. Only those majors in the department who have a sufficiently high scholastic record are elected to membership.

Each year the club attempts to bring some outside speaker of note to the campus. At their meetings they discuss such subjects that are not taken up in the classrooms.

The club suffered the loss of their most interested and beloved leader in the death of Professor Wilbur Brown, instructor in the department and director of the McKim Observatory. Professor M. M. Lemme, a graduate of the Oakland City College took his place the second semester.

THE biggest event of the year for the Oxford Fellowship was their national convention which was held here during the Thanksgiving vacation. Delegates from all over the United States attended. Gordon Chapman, '28, was elected national secretary-treasurer.

The local chapter was organized here in 1921 and was a charter member of the national organization formed at Northwestern University in the same year. It is an interdenominational fraternity of clergymen in undergraduate schools whose purpose it is to "promote the challenge of the Christian ministry."

They are continuing this year the study which was begun last year in psycho-analysis of the members for personal guidance and character building, the solution of personal problems and the revelation to each the phase of Christian service wherein his particular abilities lie.

Philosophy Club

FOUR years ago the Philosophy club was organized at DePauw for students majoring in the department of philosophy having high scholastic standing. In a short time it has succeeded in proving itself an effective means of broadening intellectual interests in this field beyond the scope of the classroom.

At the bi-monthly meetings papers are read and topics relative to the current philosophical tendencies are studied. Students within the club furnish the leadership supplemented by faculty members and visiting speakers of national repute.

A special feature of the club is its friendly contact with alumni members whose letters tell of their experiences in new walks of life. At a meeting during the first semester Dr. G. Bromley Oxnam spoke on the Russian situation. The faculty members who assist at the meetings are Prof. Lisgar Eckardt and Prof. Carroll Hildebrand.

Religious Education Club

THE majors in the department of religious education formed at DePauw in 1925 a club which would build up and stimulate the religious life of the college. Each year they plan a program of study and this year's study has been on religious education as seen in colonial times, in the public schools, in the church schools, and in the rural community.

Charles Bok, Jr., international research worker in religious education spoke at one of the meetings early in the year on the numerous positions open to people educated in the field. A joint meeting was held with the Greek club during the first semester at which the connection between religion and art was discussed.

The club as a group has been working in cooperation with the Greencastle Board of Religious Education by teaching character education for ten weeks in the public schools through the first six grades. With the money they have accumulated they are planning to extend their present project.

Latin Club

THE oldest departmental club on the campus is the Latin club which was founded on October 28, 1896, for the majors in the department. Dr. Edwin Post, the outstanding Latin scholar of the country, was instrumental in forming the group. Membership, which is elective, is based primarily on scholarship and work in the department.

The first meeting of the year is usually devoted to the reading of a short story written by one of the members. The rest of the meetings, which are held the second Thursday of every month, are devoted to the reading of papers and the study of Latin customs which aid in the development of a deeper appreciation of Latin.

The officers for the year are:

Toynbee

THE patron saint of the honorary sociological fraternity at DePauw is Arnold Toynbee, for whom the club is named. In 1909 Dr. North, then head of the department here, organized all those students interested in the field of work which Mr. Toynbee started, that of social betterment, into a group which took for its purpose the promotion of a more thorough knowledge of practical social welfare work. Not only does the club study general questions, but attempts to do social work in the college community.

Toynbee meets the second and fourth Thursday of every month, at which times imminent sociological problems are discussed. At various times they take trips through the penal farms, state institutions and foundations of Indiana, making a study of conditions presented. The last meeting of the year is usually an initiation banquet for the new members.

This year John Gillin of the University of Wisconsin was brought to the school by the club to speak on the conditions in penal colonies as he had found them throughout the world.

Tusitala

ROBERT LOUIS STEVENSON'S skill as a narrator and poet has received no more sincere tribute that than rendered by the Samoans, with whom he spent the last year's of his life. Among these friends he was lovingly known as Tusitala—"teller of tales." In recognition of his mastery of prose style and with a desire to follow, if but humbly, in his tradition, a group of those on the DePauw campus who aspired to weave "a tale which holdeth children from play, and old men from the chimney corner" chose, some years ago, this Samoan name to designate their organization. Since then Tusitala has become an institution. Without officers, without ritual, without regular meeting place, the literati assemble from time to time in unexpected corners to read and discuss the manuscripts offered by one or another of the members.

Each year in the spring the club invites certain students interested in literary composition to submit original manuscripts for examination. Upon the basis of this work the new members are chosen. Just before commencement at a banquet given by the pledges they are initiated into the traditions and secrets of Tusitala.

Bowling matches are scheduled by the League between the various schools in the organization. Besides these inter-school matches, the local chapter holds an intra-mural bowling tournament each year and awards a trophy to the winner.

This year the club sponsored the pep session and sendoff given the football team when they went east to play West Point. They have also had charge of most of the other athletic pep sessions held this year.

Cosmopolitan Club

COSMOPOLITAN CLUB was formed at DePauw in 1922 for bringing the foreign and American students closer together, to encourage cosmopolitanism on the campus and to promote international understanding. They have for their motto "Above all nations is humanity."

The club remained local for a year and in 1925 was admitted to Corda Fratres, the national association.

The DePauw chapter was chosen the national executive chapter for the next two years at the national convention at Cornell University during the Christmas vacation. Samuel Culpepper, national district vice-president, and Rachel Gould attended the convention. It was voted to hold the next convention at DePauw.

Prof. O. H. Smith is the national president and Prof. G. B. Manhart is national treasurer.

The officers this year are:

President—Glen Dildine
Vice-president—Ethel Page
Secretary—Florence Patteson
Treasurer—Lawrence Young

Rector Scholars

ONE of the finest institutions at DePauw is the Rector Scholarship Foundation. Established and endowed by a man deprived of a college education, nurtured by a scholarly gentleman, participated in by about five hundred men, it truly represents DePauw at her best. Through the generosity of the late Edward Rector the Foundation was made possible; under the sympathetic supervision of Dr. Henry B. Longden it has flourished; by its many graduates each year it shall be perpetuated.

The bequest left by Mr. Rector to the university consists of sufficient funds to pay the tuition and fees of five hundred men students, one hundred-fifty scholarships to be awarded each year. The majority of these are given to freshman entering DePauw from commissioned Indiana high schools, upon the recommendation of the superintendant or principal. There are, however, a limited number open to exceptional students from outside the state. It is also possible for students already in school to win scholarships by making a required number of credit points.

This year the Foundation has been greatly added to by Mrs. Rector in the establishment of six fellowships to be awarded annually to either men or women graduates. These amount to $1,200 apiece and may be used at any school the student may choose for his graduate work.

DePauw owes a great deal to Mr. and Mrs. Rector, not only for the scholarship foundation, their loan funds, their scholarships for women, their three splendid dormitories, and the fellowships, but even more for the spirit which their presence and interest has instilled into the college life.

Honoraries

JOSEPHINE TRIMBLE, *President*

Pan-Hellenic Council

THE sororities on the DePauw campus are linked together for greater co-operation by their membership in the Pan-Hellenic Association. Each group elects a junior and a senior to serve as representatives on the council, where they discuss common sorority problems, promote social and scholastic standing, and attempt to further a friendly, helpful spirit among women students of the university.

Each year a cup is awarded to the sorority standing highest in scholarship and a banquet is held for all women making an average of forty points or better.

Monthly meetings are held in the various houses, not only for the transaction of business but also for a better understanding socially.

Josephine Trimble was president of the council this year and Virginia Miller was secretary-treasurer.

Kappa Tau Kappa

VERE SUTHERLIN, *President*

THE pigskin jackets with their large black and white eagles are too familiar on the DePauw campus to need a great deal of explanation as to their meaning or purpose. Kappa Tau Kappa has, since the fall of 1902, held a significant place in college affairs and its members wield perhaps more influence upon the student body than any other organization.

The annual stag banquet for athletic recognition, the supervision of the Old Gold Day contests, and the cup given to the fraternity having the highest scholastic average are but a few of the many helpful activities of Kappa Tau.

The members are seniors, elected each spring by the retiring chapter from the older national fraternities on the campus. At their regular weekly dinners held in the various houses inter-fraternity problems are discussed and a closer feeling promoted among the various organizations.

Vere Sutherlin was the president of Kappa Tau for 1928-29 and Robert Bottorff was its secretary-treasurer.

Top row—Bernard Kilgore, Willard Arnold, Vaughn Scott, Paul Wade, Hollis Hull.
Second row—Raymond Evans, Maurice Krahl, Robert Bottorff, Herbert Scheiner, John Gregory.

Sigma Delta Chi

ON THE north side of historic East College a bronze tablet bears witness to the fact that in 1909 there was founded at DePauw a national fraternity for students of journalism, Sigma Delta Chi. The organization grew rapidly and has at present forty-one chapters in the United States and Canada.

The members are distinguished by their black hats with the Greek letters in white and by their pin, which is made up of parts of the pins worn by the founders. The pledge ribbons are black and white.

Membership in Sigma Delta Chi is elective and the men are selected upon the basis of their work in campus journalism and their intentions to continue in the profession after graduation.

The *Yellow Crab*, DePauw's humorous magazine, is controlled by the fraternity and the annual Gridiron banquet is sponsored by it.

Meetings are held weekly throughout the school year. This spring an open meeting was held at which S. P. Ochiltree, Indiana representative of the Associated Press, spoke on his special line of work.

L. Bernard Kilgore served as president for 1928-29, while Howard Friend was secretary-treasurer.

Top row—Bernard Kilgore, James Ball, Willard Arnold, Robert Bottorff, Hewitt Carpenter.
Second row—Harry Ault, Prof. Pence, Poynter McEvoy, Paul Wade.
Third row—Robert Ryker, Robert Small, George Rinehart, Guernsey Van Riper.

Theta Sigma Phi

IN SOME respects a partner and in some respects a rival of Sigma Delta Chi is the women's journalistic fraternity, Theta Sigma Phi. Sigma chapter of this organization was installed at DePauw in 1919 and takes its members from women of the junior and senior classes who display unusual journalistic activity and interest.

The group annually publishes the Old Gold Day and the May Day editions of the *DePauw*, eight page issues full of campus and feminine activities. Theta Sig has also its razz banquet, called Matrix Table, at which prominent women of the campus are satirized or praised. There is every year a tea for all women interested in journalism.

Theta Sig is a valuable asset to campus publications, in which its members hold many important places. It encourages the women to work on the paper, the *Mirage*, and the magazines.

During the past year the officers were: Margaret Rohwedder, president; Frances Wingard, vice-president; Virginia Grishaw, secretary, and Mary Baker, treasurer.

Top row—Margaret Rohwedder, Lorene Nees, Mary Baker, Ruth Ward, Frances Wingard.
Second row—Betty Neely, Marian Smith, Margaret Harvey, Kathryn Homan, Virginia Grishaw.

Phi Mu Alpha

PHI MU ALPHA SINFONIA, national honorary musical fraternity was founded at the New England Conservatory of Music, Boston, Massachusetts, in 1896. The local chapter, Lambda, was installed on the DePauw campus March 14, 1924. Membership is elective and is based on musical ability, activity in musical lines, and character.

The chapter during this school year has given chapel programs and sponsored other musical concerts. Cooperating with Mu Phi Epsilon, the organization staged the musical comedy, "Hulda of Holland." Perhaps the most significant contribution of the organization this year has been the re-edition and revising of *The Songs of DePauw*.

Meetings are held every two weeks and through these meetings fellowship and cooperation is promoted among men students who have music as one of their chief interests. The members have no distinctive garb, but choose rather to be recognized by their triangular, pearl studded pins.

Officers for this year were: Robert R. McCullough, president; Donald Wilson, vice-president; Ira D. Black, secretary, and Prof. H. E. H. Greenleaf, treasurer.

PHI MU ALPHA

Top row—Robert McCullough, Arnold Robinson, Ira Black, Marshall Howenstein.
Second row—Richard Crowder, Edgar Adams, Dwight Trezise, Tillman Hadley, Paul Brown.
Third row—Emerson Van Cleave, Winston Hole, Howard Thompson, Donald Wilson.

Mu Phi Epsilon

MU PHI EPSILON is an organization of junior and senior women having for its purpose the "further advancement of music in America." Alpha chapter was founded at the Metropolitan College of Music, Cincinnati, Ohio, on November 13, 1903.

The local chapter, Zeta, was installed at DePauw on December 9, 1905, and later reestablished on June 7, 1919. Miss Julia Alice Druley, teacher of piano, DePauw at the present time, was influential in the organization of the chapter.

Election to Mu Phi Epsilon is based on high scholastic standing in the School of Music and talent or activity in some special field in music. Pledges are selected from women of the Sophomore class.

Regular business meetings and programs are held bi-monthly. Mu Phi, in cooperation with Phi Mu Alpha, presented the Operetta, "Hulda of Holland," this year.

Officers for this school year were: Mary Alice Murray, president; Margaret Dennis, vice-president; Mary H. Chamberlain and Marion Rought, secretaries; Erma Duffield, treasurer, and Dorothy Klumpp, historian.

MU PHI EPSILON

Top row—Mary Alice Murray, Bernice Thompson, Edna Bowles, Dorothy Locke, Margaret Dennis.

Second row—Dorothy Klumpp, Dorothy Ellen Barr, Helen Keith, Mildred McFall, Theresa Kaney, Frances Guymon.

Third row—Irma Duffield, Mary Hayes Chamberlain, Miriam Jack, Margaret Lumpkin, Hildred Hall, Henrietta Everitt.

Scabbard and Blade

THE honor to which the advanced student in military science at DePauw most aspires is membership in Scabbard and Blade. This is part of the national organization which was perfected at the University of Wisconsin in 1904 to assist in the work of the military training units of the country. There are now sixty-seven companies in colleges and universities of the United States, among which the local group is designated as "A" Company of the Fifth Regiment.

Membership in the organization is based upon excellence of work in the department and manly character.

Scabbard and Blade has at preseent a considerable task before it. Since military training is no longer compulsory at DePauw, the group has set out to create sufficient interest and understanding of the aims and work of the department that its efficiency may not be impaired by too great a falling off of enrollment.

Meetings are held regularly at various fraternity houses and the officers of the unit not members are entertained with smokers several times during the year.

Officers of the unit were: Ernest Firebaugh, captain; Vere Sutherlin, first lieutenant; Willard Bray, second lieutenant, and Cyrus Gunn, first sergeant.

Third row—H. Brooks, K. Pearson, J. Stanley, J. Biggerstaff, W. Bogie, T. Anderson.

Alpha Mu Pi

ONE of the most attractive features of the weekly formations held during the spring by the DePauw military unit is the group of white-clad sponsors. Their broad gold ribbons and their trim manoeuvers are a considerable factor in enlivening the reviews.

Alpha Mu Pi, as this group of sponsors is named, is a national sorority which was chartered at DePauw in 1924. The active organization and the military students cooperate in selecting the pledges. The sorority nominates a number of girls and the men select their sponsors from these. The wives of the general staff officers are honorary members of the organization.

This spring five new pledges were taken into the sorority, Mary Niblack, Dorothy Thompson, Dorothea Buffler, Dorothy Rogers, and Mary Van Nys. According to custom, they paraded the campus for several days in officers' caps, bearing wooden guns.

Lucy Mae Roelle headed the group this year, while Marian Smith served as its treasurer.

Blue Key

PERHAPS the highest recognition of a man's service to DePauw is his election to membership in Blue Key, senior honorary society. The choice of these members is made on the basis of scholarship, participation in campus activity, and character. Near the close of the school year the active members select the men from the junior class who are to wear the keys for the following year.

Blue Key was founded at the University of Florida in 1925 and has spread until it now numbers more than forty-two chapters. In Indiana there are four DePauw, Butler, Wabash, and Franklin.

The organization meets at dinner regularly during the school year to discuss campus problems, particularly the relations between the faculty and students. There are three faculty members, Dean Dirks, Professor Pence, and Professor Carson. These men are of great assistance in the settling of questions and misunderstandings and help to make the work of the group more effective in every way.

Second row—Prof. R. W. Pence, Cyrus Gunn, James Ball, Gordon Ritter, Dean Louis Dirks, Prof. W. W. Carson.

Artus

ON June 7, 1927, a chapter of Omicron Delta Gamma, national economics fraternity, was established at DePauw. This organization is more commonly known as Artus Club and is composed of major students in economics who have high records in scholarship. It was founded at the University of Wisconsin in November, 1916, and now has twelve chapters.

The aim of the fraternity is to promote interest in economic problems, and through its widespread influence, to help apply the principles learned to actual questions.

Meetings are held at intervals of two weeks when papers are read, discussions conducted, and various current problems considered. The group endeavors to bring to the campus each year outstanding speakers on economic research and to foster a wider understanding of the value of this work.

During the past year Dolph Veach was president of Artus, while Poynter McEvoy served as secretary and K. L. VanMetre as treasurer.

Second row—Robert Wade, Vere Sutherlin, Raymond Thompson, Russell Nichols, Poynter McEvoy, Gerald Galloway, K. L. Van Metre.

Pi Epsilon Delta

THE gold key of Pi Epsilon Delta is the coveted award of the DePauw actor and stage craftsman. It is given to a small number of members from Duzer Du, the active dramatic organization of the campus, who have shown exceptional ability and large amount of actual service on the stage. Points are given for each play in which the candidate participates and those making twenty points are elegible for election.

Pi Epsilon Delta is the twelfth chapter of the National Collegiate Players, an organization known all over the country for its fine work in the field of amateur dramatics.

PI EPSILON DELTA

Top row—Professor Gough, Miss Morris, Prof. Williams.
Second row—Helen Stokes, Albert Crews, Harry Gough, Lillian Dale.

Delta Sigma Rho

THE ultimate ambition of the DePauw debater is the gold key of Delta Sigma Rho. Only those who have represented the school for two years upon the forensic stage are elegible for election.

The fraternity was founded on April 13, 1906, and numbers sixty chapters today. New members are elected in the spring, at the end of the debating season, and are honored by an initiation banquet to which all school debaters are usually invited .

The debate teams were unusually successful this past year. They met some splendid opponents, yet did not lose a single decision. A great deal of credit is due to Professor Ross and his training of the speakers.

The officers for 1928-29 were Alvin Rockwell, president; David Lewis, vice-president, and Robert Hixson, secretary-treasurer.

Phi Beta Kappa

THE elections to Phi Beta Kappa were announced on March 27, and include twenty-six seniors, a graduate of the class of 1928 and one of the class of 1920. No juniors were elected this year.

Phi Beta Kappa is the oldest and the greatest of honorary fraternities. It was founded at the College of William and Mary at Williamsburg, Virginia, in 1776 and has spread throughout the entire country. Alpha of Indiana was established at DePauw in 1899, the first chapter in the state.

The officers of the chapter are: Dr. William H. Blanchard, president; Professor O. H. Smith, vice-president; Professor H. E. H. Greenleaf, secretary; and Mrs. Frank Jones, treasurer.

Advertising and Miscellany

Appreciation

A book of the size of the *Mirage* represents not only a great deal of work on the part of a number of people, but also considerable planning and forethought. Advice must be sought from many sources, suggestions obtained from students and faculty, and countless assistance received all along the way.

Thanks is due to a number of people whose names may not appear in a prominent place in the book. Many members of the class of 1930 who were not on the regular staff have showed their class spirit by helping in everything they were asked to do. The six sophomores who served as assistants did a considerable part of the telephoning, mounting of pictures, and soliciting of subscriptions and advertising. The same energy which characterized their efforts this year should make the *1930 Mirage* a signal success.

We would like to thank Hilary and Beulah Bailey for their interest and help. The views, beauties, and sub-division pictures are sufficient evidence of Hilary's skill as a photograhper, but his constant encouragement and the kindness he showed in allowing us the use of his studio for meetings and mounting pictures must not be overlooked.

The Stafford Engraving Company, especially through the efforts of "Charlie" Sprankle and Livengood, has enabled us to publish a book of whose appearance DePauw need not be ashamed. Many of the features were suggested by them and their personal interest has been constant pleasure to us.

When the printing contract was again given to the Hudson Printing Company of Anderson we felt sure that this part of the work would be done in fine shape. Now that it is finished we have no cause for anything but satisfaction.

We deeply appreciate the interest shown in DePauw University by the firms and individuals who have advertised in this *Mirage* and have helped to make it a financial success.

Lastly, and we have saved our greatest thanks for the last, we wish to express our appreciation for the fine way in which the editorial and business staffs have worked throughout the year. Their only reward is in seeing their work well done, yet they have devoted long hours and honest effort to making each various department a success. To them is credit due, if credit is to be given.

With these last words of recognition, we submit this *1929 Mirage* to the judgement of its readers, hoping that they may find in it a true mirror of the events and scenes of the past year and a pleasant reminder of their days at old DePauw.

The Editors.

High-Hat'ting

Isn't Popular Here

That old indoor sport "high hat'ting" never was very popular around DePauw, and that's why we didn't take it up seriously in our store.
Everyone, including those who are "just looking" will find the latchstring out and WELCOME on the doormat. We're glad to see everyone—even relatives.

"OLD DEPAUW" and THE NEW WORLD

Well nigh a century has passed since strong souls envisioned an educational institution, under Christian auspices, serving the people of Indiana.

DePauw University was founded by the early American. The forefathers were characterized by a pioneering spirit. They were fundamentally democratic and loved liberty. They believed in the United States of America, and their sons gave their lives to preserve the union. They were individualists, rich in inventive genius and possessors of a splendid religious heritage.

What finer tribute can be paid to the founders than that of touching their characteristics with the idealism of Christianity and then in their spirit enter the problem fields of the day?

Walt Whitman has sung of the pioneers of yesterday. The great grandsons of the rugged men who conquered the west will do well to turn their attention to the fields wherein the pioneering spirit is demanded and seek to solve the perplexing issues in the international, industrial, and racial relationships of the hour.

Democracy must be perpetuated. What finer perpetuation can be found than to reveal its fundamental spirit upon a campus where people from all countries assemble and in freedom search for truth? A generation that has inherited the Bill of Rights the forefathers wrote into the Constitution will do well to stand for the same freedom of inquiry, the same right to express truth found, and the same right to worship God after the dictates of one's conscience.

The fathers who found an answer to the question, "How can the states live together?" and who brought to us a Constitution that in fact has given us the United States of America may well think of establishing world law and order and look forward to the day when we may have a united world wherein intelligence has been substituted for the sword.

The individualism of the founders, spiritualized by the Christian conceptions that truth frees, service ennobles, love transforms and faith elevates, must characterize modern youth to the high end that, instead of becoming blind worshippers of the status quo, we will seek to build the new America upon historic foundations.

The religious heritage of yesterday must be passed to the coming generation, but it must be adapted to a scientific and democratic age.

Students of the hour face a new world, a world that calls for a world-mind, a world-heart, a world-will.

These characteristics of the America of yesterday must be deepened by the ideas that men and not things are the goal of social living: the solidarity of the human family, the supremacy of the common good: equal rights for all: cooperation and not selfish competition is the law of progress: love and not force is the social bond. Thus will we graduate not alone representatives of DePauw University, but Americans qualified at once to lift the life standards of their own country and to send their country forward in the building of a better world.
